## **FOR IMMEDIATE RELEASE**

# **PCT International Acquires Canadian Cable and Services Company**

---

**GILBERT, AZ, USA – December 10, 2007** – PCT International, Inc. (PCT), a manufacturer of last mile solutions, announced today the acquisition of Think Broadband Solutions from Wi-LAN Inc. (TSX: WIN).

Under the terms of the agreement, PCT has agreed to acquire certain inventory, capital assets and all applicable customer contracts, agreements, and existing sales prospects relating to the Think Broadband cable and services business. Additionally, all staff associated with the Think Broadband business, including engineering, sales, and support, have accepted positions with PCT. Test and certification equipment are included with the acquisition. All Canadian operations will remain at their current location. PCT also acquires a new line of products as well as all associated intellectual property.

“Think Broadband has been successfully servicing the Canadian market for many years with its distribution, engineering, and support capabilities. Think Broadband has a strong team of experienced customer support staff and expert engineers in the broadband CATV business,” explains Steve Youtsey, CEO of PCT. “This synergistic acquisition enriches PCT’s commitment to the local Canadian market with direct distribution and local support. The additional new products complement PCT’s growing product portfolio while we continue to market to our growing worldwide infrastructure.”

### **About PCT International, Inc. and Andes Industries, Inc.**

PCT International, Inc. and its holding company, Andes Industries, Inc., is a leading worldwide manufacturer of last-mile products for broadband communication networks. PCT focuses on innovative and cost-effective solutions that allow service providers to improve system integrity and expansion of their service offerings. PCT’s portfolio includes transmission and connectivity products for the broadband, CATV, satellite and structured wiring markets. PCT is headquartered in Tempe, Arizona, and has over 1,500 employees. PCT maintains multi-international locations to support worldwide manufacturing, logistics, and distribution of its products and services.
