

TORQUE SLEEVE

Easy to Use Connector Tightening Tool

PCT-TS

Innovation for the Last Mile™

The Easiest and Most Reliable Way to Secure an F-Connection

END TO END MANUFACTURING

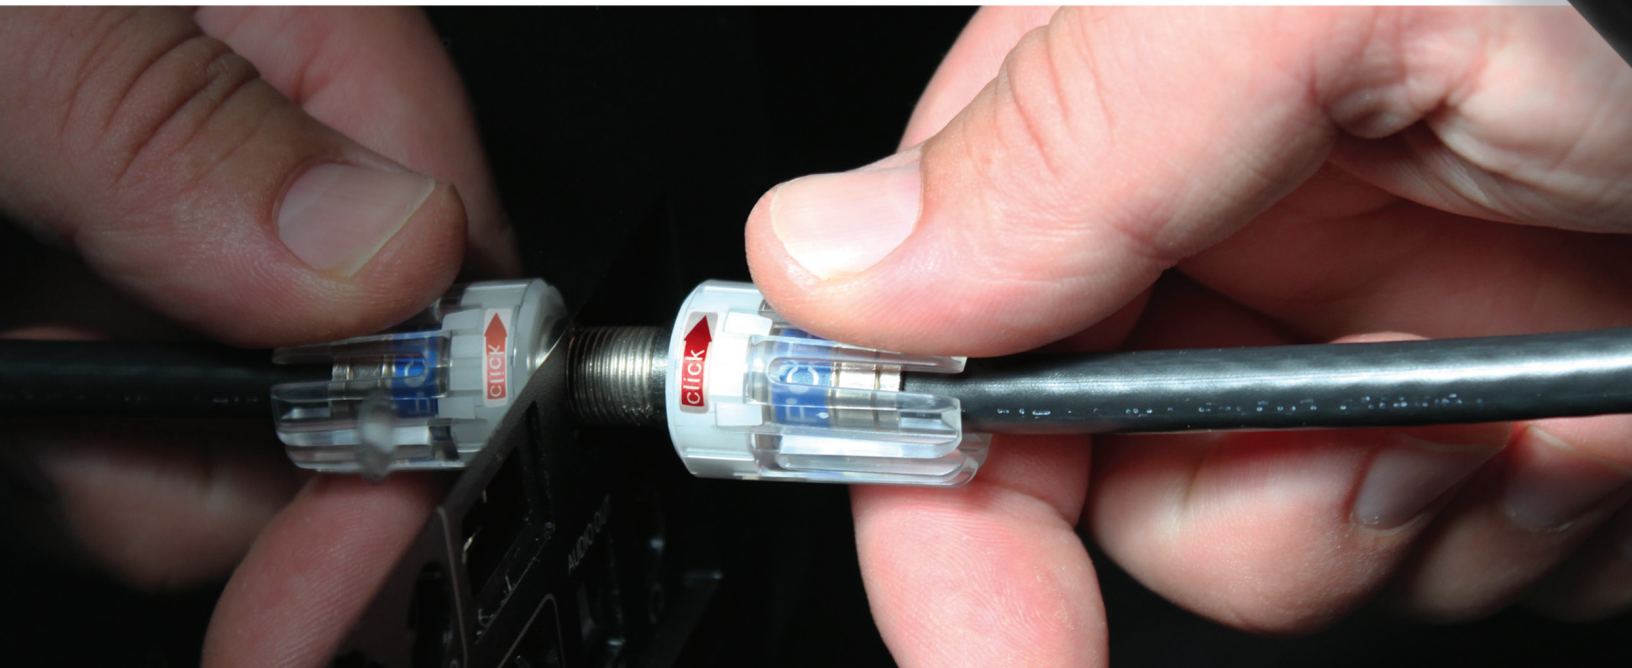

- Patent pending universal sleeve creates a fixed, built-in tool for easy, reliable connections
- Safe from overtightening with a maximum finger tight torque of 3 in. lbs.
- Audible click and tactile sensation informs the user the connection has reached the proper torque and the connection is complete
- Rugged plastic tool stays in place for when you're ready to disconnect the jumper and reconnect it to another port
- For use with PCT-TRS 18 mm stroke length connectors
