

# FIBER ADAPTER CLEANERS

Improve Network Reliability with a Clean Connection

## INNOVATIVE SOLUTIONS

PCT's fiber optic ferrule adapter cleaners combine efficiency with quality to guarantee your fiber connections will be free of reflections and additional attenuations by removing dust, oil, grease and other external agents that stick on an adapter's surface while exposed to the environment.

## Features and Benefits

- Pen style
- 1.25 and 2.5 mm ferrule sizes
- Non-damaging
- Over 500 cleanings per tool
- Cost and time effective
- Use remaining indicator window
- Also cleans SFPs
